Dear Hiring Manager

I am writing to express my interest in the Instructor position for Graphic and Web Development. With a strong foundation in modern web technologies, design principles, and interactive UI/UX practices, I am passionate about sharing my knowledge with aspiring developers in a creative and collaborative learning environment.

As a Peer Mentor at Georgian@ILAC College, I have had the opportunity to support fellow students in developing their technical and problem-solving skills, while also refining my own teaching approach and communication style. This role has strengthened my ability to guide learners with patience and clarity.

Recently, I have been working on a professional-level portfolio website that reflects my expertise in front-end development, creative styling, and component-based design—skills that I am eager to pass on to the next generation of developers. I believe my enthusiasm, mentorship experience, and technical skills make me a strong candidate for this instructional role.

Thank you for considering my application. I welcome the opportunity to contribute to your institution's success and inspire future professionals.

Regards,

JASPREET KAUR
